Advanced Level Examination Result Announcement 高考成绩報道

Focus your Attention Integrate your Learning 專心用功 融匯貫通

A lot of subjects studied in Advanced Levels were chosen by ourselves, which explains the comparatively higher motivation when we were revising. Of course there were also some other "more annoying" compulsory subjects we had to deal with, yet despite our dislike, we could not repel those subjects since we would then fail to remember them well if we were just memorizing everything.

Moreover, a lot of subjects were actually inter-related. For example, when we were revising for Chemistry, we could try to understand it from the perspective of Physics, so as to get a more comprehensive point of view and have a better grasp of the contents. Through my sharing, I hope I can inspire all the pre-DSE students to discover their own way of revision.

在預科的課程中，大部份的科目都是自己挑選的，這樣讀起來自然較為起勁。當然，仍有一些較為「討厭」的必修科要讀。縱然如此，心中也不能抗拒，否則就算將所有內容都生吞活剝，也不能好好記著。

另一方面，不同科目都是互有關聯的。溫習化學時，有時候會用上物理的角度思考，反而得到更全面的分析。如此，會更容易掌握當中的內容。希望我的分享，能多多少少啟發各位準文憑試考生，找出屬於自己一套的讀書方法。

NG KWUN WANG thinks everyone has a unique way of studying and it's important to discover it on your own.

吳冠宏認為讀書方法殊異，學生要找出屬於自己的一套。

Outstanding 2012 Advanced Level Examination Results with New Peaks of Passing Rate 2012年高考成绩優異 整體合格率再創高峰

HKTA The Yuen Yuen Institute No.3 Secondary School had achieved outstanding results in the Advanced Level Examination of the academic year 2011-2012. Among all the subjects, 11 subjects had an overall passing rate of more than 80%, which is much higher than the average passing rate in Hong Kong. Among the aforementioned 11 subjects, Chinese Language and Culture, Literature in Chinese, History (AL), History (AS), Economics (AS), Computer Application (AS) had even reached a 100% passing rate, which is our new height in our Advanced Level Examination over the years.

圓玄三中學生於2012年高級程度會考取得優異成績，其中十一科的整體合格率高達八成或以上，遠超於全港平均值（詳見圖表）。其中，中國語文及文化、中國文學、歷史（AL）、經濟（AS）、電腦應用（AS）、歷史（AS）等六科更獲得百分之百的合格率，高考成绩再創高峰。

Dedicated feedback for encouraging results 老師用心回饋 學生成績到位

Creative writing makes up a huge part of the Advanced Levels Chinese Literature syllabus. Yet, a lot of students who just started their matriculation courses were actually quite clueless in creative writing and thus, their work might not meet the syllabus' requirements. In order to enhance the quality of their writing, intensive training is really a must. Therefore, I would give my students a long essay and 2 short essays every week. Yet more importantly, it is the teacher's feedback that helps students to improve step by step. Other than written comments, I would also give them oral feedback, reminders for corrections and compliments here and there. In order to retain a better impression of what they wrote, I would usually return the works to the students within a week. I would also hand-pick some nice essays as sample papers, so that students can have a better grasp on vocabularies, the way to express themselves, etc. Among all the different sample essays that come from a variety of sources, I would also write some of them myself, which is very useful in attracting students' attention, and to show them we are all in this together and will stand as one for Advanced Levels.

在高考的中國文學課程中，創作佔一大部分。然而，很多初上預科的學生對創作茫無頭緒，他們的寫作亦未能達課程的要求。要提升寫作的質素，密集式的訓練必不可少，因此，每星期我會給予學生一篇長寫及兩篇短寫。但更重要的是老師的回饋，因為老師的實貴點評是令學生進步的最大因素。除了書面評語外，我也會對每位學生給予口頭回饋，以作指正及讚揚。為了讓學生對自己的作文還有深刻的印象，我常在一星期內把作文發還給學生，我亦會選取該題的優秀文章作範文，讓學生汲取值得學習的表達手法、用詞等，以提升寫作能力。這些不同來源的範文當中，有部分更是我親自寫作的，這往往更能吸引學生的注意力，亦能讓他們感受到我是和他們一起面對高考，一起並肩作戰。

The parallel of theory and practices shows the equal importance of knowledge and examination skills 文字與實習兼行 知識與考試並重

As a Computer Application teacher for so many years, I can conclude my sharing with the statement "The parallel of theory and practices shows the equal importance of knowledge and exam skills."

A lot of the Computer Application syllabus contents actually cover the practical areas of how computer can be applied in our daily lives and work. Therefore, we can only know better by practicing more. Yet we also have to remember, the Advanced Level Examination will only assess our students through words. Therefore, it is more important for them to translate the actual process of practicing into words for others to understand. During the course of teaching and learning, I would also teach them knowledge on computer outside the syllabus and I wish they can apply what they learnt in work.

Moreover, I would also emphasize the importance of answering skills, and would discuss with them the tips on how to get points or mistakes that will lose points. These techniques will also help students achieve better results in the examination. The practices and assignments I have given to my students were usually even harder than a lot of public examination questions, therefore through repeated practice, they will then find public examination questions manageable.

任教了高考電腦應用科多年，總結我的教學心得，可以說是「文字與實習兼行、知識與考試並重」。

電腦應用科的內容，大部份涉及如何將電腦系統應用在我們的日常生活和工作上。當中，必須透過大量的實習，方能掌握到學習的內容。但公開考試只考文字題。因此，在同學實習時，我重視他們如何將實習過程化成文字表述。在教學時，我很多時候教導他們一些課程以外的電腦知識，期望他們日後能將所學應用在工作上。

另一方面，我亦會經常強調答題技巧的重要性，也會與他們討論一些取分的竅門，又或是失分的大忌，這些技巧都能令同學於考試中取得較好的成績。而我平常給予同學的功課或測驗，大多較公開試的題目還要艱深。同學日常已在不斷地操練，公開試時自然得心應手。

Learning proactively and understanding the questions thoroughly will win the game 學習須主動 試題要學懂

Mr. Leung Kai Chiu had once said, "Be it happy or bitter, it really depends on the subjective view from your heart instead of the objective plain facts." Yes indeed, it is very important to be proactive and devote yourself in revision so as to achieve good results in public examinations. Therefore, I would always try my best to create an interesting and interactive atmosphere so students will like History as a subject.

Furthermore, I would also try to understand the upcoming trend of public examinations and analyze past papers, answering skills and the weaknesses of students in general. I would also try to maintain my students' "battle mode" through practicing past papers and tests over and over again. Finally, the harmonious relationship between students and teachers would also help students to build their confidence when facing Advanced Level Examination.

梁啟超先生《敬業與樂業》一文中提到：「苦樂全在主觀的心，不在客觀的事。」沒錯，要在公開試中爭取佳績，同學主動及投入學習是首要條件。所以，我經常在課堂上營造有趣互動的氣氛，讓同學愛上歷史科。

此外，我經常了解考試的最新趨勢，並跟同學分析歷屆試題、答題技巧及考生普遍的弱點。另一方面，透過反覆操練歷屆試題、不斷進行大小測驗，讓同學時刻保持「作戰狀態」。最後，師生和諧互勉，也有助加強同學應考的信心。

The old districts of Kwun Tong shows the importance of sustainable development 走進觀塘舊區 了解持續發展的重要

The Civic Education and Geography Departments brought our S5 students to Kwun Tong for a field trip on 25th November, 2011. The field trip is organized by the Urban Renewal Authority with the aim of letting our students to know more about the problems the old district of Kwun Tong faces. Our students went to the areas with old buildings and market place to be rebuilt so as to know more about the urgency of urban renewal in Kwun Tong.

Kwun Tong had already been developed for a few decades, yet there were still a lot of urban problems like unsatisfactory hygiene, traffic congestion and insufficient recreational facilities, etc.

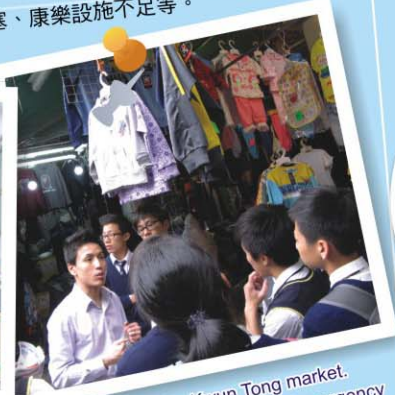

本校「公民教育組及地理科」於二零一一年十一月二十五日與中五級修讀地理科的學生前往觀塘作實地考察。是次考察由市區重建局帶領，使學生認識到觀塘現時所面對的舊區問題。同學們前往將會重建的舊樓及市集範圍，促使他們了解重建舊區的迫切性。

觀塘市區發展已經歷數十年，但當中仍然存在不少舊區常見的社會問題，例如環境衛生欠佳、交通擠塞、康樂設施不足等。

Drama elites of YY3 help HKU out in shooting mini films 三中學生戲劇精英 協助港大拍攝短片

Our drama and musical club members had helped the Law and Technology Centre of The University of Hong Kong in shooting around 20 short stories from "Youth CLIC", where they had slightly modified 20 real legal education cases so youngsters can know more about different crimes and legal concepts.

Youth CLIC is co-organized by the Faculty of Law and the Computer Science Department of the University of Hong Kong. It is sponsored by the Home Affairs Bureau, which is a bilingual law information website for Hong Kong teenagers.

本校戲劇及音樂劇團於二零一一年十一月接受「香港大學法律及資訊科技研究中心」的邀請，協助拍攝「青年社區法網」內二十多個改編自真實個案的法律教育短片，為年輕人解釋各種罪行和法律概念。

「青年社區法網」由香港大學法律學院及香港大學計算機科學系合辦，民政事務局贊助，專門為香港的青少年設立的雙語法律資訊網站。

Show our Talents Share and Gain together 攜手共展藝 大家同受惠

Our social service group is sponsored by The Yuen Yuen Institute and has co-organized a "Show Our Talents Together" Social Service Cooperation Scheme with Richmond organization. Richmond and The Yuen Yuen Institute can be regarded as neighbours in the sense that they provide accommodation services for patients recovering from mental illnesses. The Red Cross team and handicraft team from our school had also participated in the scheme. Our students and the patients had together, created some cross stitches and sol-gel to raise funds for exhibition. All the proceeds from auction will be allocated to charities. Through the activity, our students get to know more about the community health service resources and the lives of patients recovering from mental illnesses. Students can also show their talents and serve those in need in the community.

本學年社會服務組獲圓玄學院贊助，與利民會合辦「攜手共展藝」服務合作計劃。利民會與圓玄學院份屬鄰舍，為精神康復者提供院舍服務。

是次參與的單位包括本校紅十字會及手工藝組。為了籌備展覽，學生與精神康復者共同製作十字綉及熱溶膠工藝等展品，而拍賣收益將會作慈善用途。

在活動中，學生對本社區的健康服務資源，以及精神康復者有更深切的認識和了解，而學生也能貢獻所長，服務社區上需要關懷的人士。

Singapore Summer Study Tour

The English Department organized a 6-day study tour to Singapore from 26th June to 2nd July 2012. This is the first overseas study tour held by the Department in the last few years. More than that, it has been a tour where our students have travelled so far away from Hong Kong in the past years. Four English teachers, namely Mr. Chan Shu Ki, Ms Patricia Megan, Miss Suen Sik Yan and Miss Chan Wing Ping were responsible for organizing and planning the trip. Thirty Form 4 and 5 students took part in the tour. The students were selected based on their results in English Language and their conduct. As it was the first time that they have travelled so far away from home, they were very excited and enthusiastic about the tour. The students visited a lot of famous scenic spots such as the Merlion and had fun in the Universal Studio theme park. They also had a chance to live with 'host families' for two days. They have learnt a lot of English during the tour and understand the culture and living habits of another country. All of them think that the tour is fruitful and unforgettable. Also, the Singaporean 'host families' praised our students for being polite and considerate. For both teachers and students, this study tour is a meaningful learning experience. In the next summer, the English Department will hold another overseas tour and it is hoped that more students will join it.

The Native English Teacher from Singapore 來自新加坡的外籍英語老師

Our teacher, Ms. Patricia Leong Megan from Singapore has a key role to play in our study tour to Singapore. She is a local Singaporean, which makes it all the more easy for her to liaise with local family so that the problem of accommodation for our students is easily solved. Our students had more opportunities to interact with the locals and practice English.

Other than the study tour, Ms. Megan had also helped organizing different activities in the school to raise students' interest in English, e.g. the English Day games booth held on every Friday. Moreover, she also trains our students in participating in the Hong Kong Schools Speech Festival (English), as well as helping our students to practise English group discussions across different forms in order to improve their English speaking skills.

來自新加坡的梁美蘭老師，是這一次新加坡交流團的關鍵人物。她是新加坡人，輕易地便聯繫上當地的家庭，解決了我校同學的住宿問題，提升同學們接觸當地居民和學習英語的機會。

除了交流團外，梁老師平日也會在校舉辦不同類型的活動，希望能藉以提升同學對英語的興趣，比如逢周五的英語日攤位活動。另外，她亦會帶領同學參與校際英語朗誦節，以及為不同年級的同學進行小組討論訓練，務求增強同學的英語會話能力。

Ms. Megan is passionate in teaching and often put herself in our students' shoes, which makes her all the more popular among the students.

梁美蘭老師熱愛教學，還不時為學生著想，深得同學愛戴。

Welcome to Singapore

Rose Wong Ka Yan 4E

I joined a six-day study tour to Singapore in June. I was very excited as this is the first time that I have been there. Singapore is a developed city. It is clean and there is little pollution. We went to the Universal Studio theme park and played a lot of games there. Furthermore, the Singaporean people are nice and friendly. The Indian communities have a special eating habit. They use their hands to eat during the meals. I was very surprised since it was the first time I knew it. In conclusion, Singapore gives me a comfortable feeling. If our school organizes similar trips in the future, I will go again because I can improve my English.

Love and Care at Shaoguan Learn our country from humble villages

學生關愛在韶關 農村義教識國情

With the aim of promoting our National Education and allowing our students to know more about our country, our Civic Education Department had organized the "Love at Shaoguan" Exchange trip from 24th - 28th June, 2012. Our students took the express railway to the city in the northern part of Guangdong province, where they visited farms and taught in primary Schools in order to reflect on the impacts on students' development from different education systems. They had also visited the South China Tiger Wildlife Park, the NanXiong Dinosaurs Museum and DanXia, one of the World's Natural Heritage, so they can understand more about the ecology and tourism in Shaoguan. Furthermore, we have included activities with elements of Guangdong Culture, which included visiting the University Science Institution and the Xiguan Museum and experiencing the "Tea-drinking" culture at famous restaurants.

為了提倡國民教育，讓同學了解國情，認識祖國，本校公教組於六月二十四至二十八日舉辦「愛在韶關學習交流團」，同學可乘坐高鐵到達廣東省最北面城市韶關。同學探訪農村，在小學義教，藉此交流兩地文化，反思不同學制對學生發展的影響。同時，參觀華南虎野生動物公園、南雄縣恐龍博物館，以及被列為「世界自然遺產」的丹霞山，同學們認識到韶關的生態保育和旅遊業。此外，行程更包括了廣州文化活動，同學們除了參觀大學城科學館及西關博物館外，更到了畔溪酒家體驗老廣州的「飲茶」文化。

The "Sister School's Shanghai field trip" organized by the Yuen Yuen Institute was held on the 1st-4th of July 2012. The Yuen Yuen Institute No. 1, No.2 and No. 3 Secondary School and Fa Dou Secondary School had a grand total of 48 students and teachers been to Shanghai for exchange. We traced the footsteps of our great poets and politicians in China's modern history, and we learnt a lot about their lives through visiting their residences and where they used to work. We visited the Darroch Road of historical heritages, the residences of great figures like Lu Xun, Dr. and Madame Sun, Zhou En-Lai, the Memorial Hall of the 1st General Assembly of the Chinese Communist Party etc. We had also visited the Fu Dan University and Secondary School where through seminars on their school's history and development, we learnt a lot about our country's education policy. Of course, we had also visited the Oriental Pearl Tower and Shanghai's History Museum, as well as its Tianzifang and Technology Centre, where we get to learn more about Shanghai's past and present with reference to their history, architecture and technological development. Although it is a short trip, we had all really learnt a lot.

由圓玄學院主辦的「院屬姊妹中學上海考察團」於七月一日至四日舉行。一中、二中、三中及花都圓中合共師生四十八人遠赴上海進行交流。同學們追蹤了我國近代史上文壇及政界的名人，了解他們的生平，走訪他們的故居，重臨他們活動過的地點，包括有：多倫路名人文化街、魯迅舊居、周公館、孫中山故居、宋慶齡故居及中共一大會址紀念館。他們又拜會了上海復旦大學附屬中學及復旦大學，了解其校史和發展，透過座談會，加深認識祖國的教育政策。當然，大伙兒也參觀了東方明珠塔及上海市歷史發展陳列館，一睹上海的今昔；參觀田子坊及科技館，體會石庫門建築和中國科技的發展。行程雖然短暫，卻獲益良多。

The past mirrors the future 回首革命路 向前跨闊步

"Re-visit of our country Reflection of Modern China's metamorphosis and development through the Wuchang Revolution" History and Cultural Guangzhou tour was held on the 3rd-5th of July, 2012.

When speaking of Guangzhou, a lot of people will only think of food and entertainment, yet this fieldtrip provides a brand new opportunity from a new perspective for students to know more about this historic yet modern city. We had visited the Wah Ti utensils company. The company embarked a new milestone for our country's industrial development. We had also visited Dr. Sun's residence and different "Wu Chang revolution" museums. It seems like we had entered a journey in time and revisited the pathway of revolution, where we experienced and felt for ourselves the sacrifices of our national heroes for a better country. The history of revolution had brought along improvement and prosperity to the country, but this exchange had also allowed room for our students to reflect on how to position themselves and contribute to the country in their own unique ways.

Farewell Message from the PTA Chairperson

Good times is like the setting sun, they always go by quicker than one would have hoped for. Following the graduation of my daughter from YY3 over the summer, the time is ripe for the baton to be passed on!

My gratitude has to go to everyone at the Hong Kong Taoist Association, the Yuen Yuen Institute & YY3! For I would not have been able to successfully serving out the 6 years' tenure of both the Chairpersonship & (Parent) Manager at the School Incorporated Management Committee (IMC) without their ongoing guidance, support as well as co-operation.

I dare not say I've achieved a lot when I'm at the helm but I do believe it is widely recognized that the development path & direction of the PTA has been well-defined & solid foundation laid during this time span.

I have also came a long way from a layman who is not familiarize with the operations of an organization like the PTA to begin ; let alone to becoming Chairperson and taking the lead to running its activities in recent years with relative ease. This has been the culmination and end-product of a series of elements, factors & phenomenon.

The YY3 has yet to become one of the reputable star schools, the strides & efforts it has achieved over the years has been remarkable! Not only we have managed to attain commendable grades from the External Assessment carried out by the Government, grounds have been gained on an all-round basis, from academic to extra-curriculum. A further testimony that ALL we parents has made the correct decision to sending our children to this school! Having gone through the Secondary School education at YY3, my daughter has not only been able to pursue her university education abroad, she has also been nurtured to become a citizen with integrity.

I shall uphold the principle of non-interference after I handed over the position & its associated powers to my successor from October. I would however, be prepared to continue contributing in the future of YY3, when circumstances warrant.

主席臨別贈言

「夕陽無限好，只是近黃昏」正正是我現時心境的寫照。隨著女兒畢業離校，家教會亦已屆交棒之時矣！臨別依依，冀望能「薪火相傳」。

感謝道聯會、圓玄學院及圓玄三中上下全人歷年來的指導、支持和配合，使我能在家教會主席及校董的崗位上為各位服務了整整六年！

在這段期間，我雖不敢妄言有何建樹，最少大家亦會認同我們已為家教會的未來發展奠定基礎，訂立規範及明確路向。

我由最初的一竅不通，到今天的揮灑自如，走過的路是漫長的，回首前塵恍如一秒間。所有成就，往往由許多可知與不可知的現象，結合各種主客觀因素交織而成。箇中奧妙，並非隻言片語就能釐清！

三中雖然並非所謂的名校，但十多年來的發展、進步，以及為教育的付出和努力，仍然是毋庸置疑的！特別是三中在兩次校外評核，皆能取得亮麗的成績，從而證實了當年我們一眾家長的選擇是正確的。在三中的培育下，我的女兒不僅爭取到負笈海外的機會，而在淳樸的校風薰陶下，她的品德亦有良佳的增益。

雖然「不在其位，不宜謀其政」，但是在淡出現時的崗位後，只要三中仍有需要，在情況許可下，本人仍然樂意為三中的未來付出一分力。
