# CARE FOR STUDENT'S PHYSICAL & MENTAL DEVELOPMENT SUSPENDING CLASSES WITHOUT SUSPENDING THE CULTIVATION OF MORALS

## 照顧學生身心發展 停課不停品德培育

In response to the raging of COVID-19, schools in Hong Kong have been suspended for a long time. YY3 has special plans for "supporting and caring for students" in order to continue catering for students' physical and mental needs and strengthening moral cultivation in the hope that we can detect the special circumstances of students and their families as early as possible and provide appropriate support by the Parent-Teacher connection.

### 'Sports Legacy Scheme' online classroom

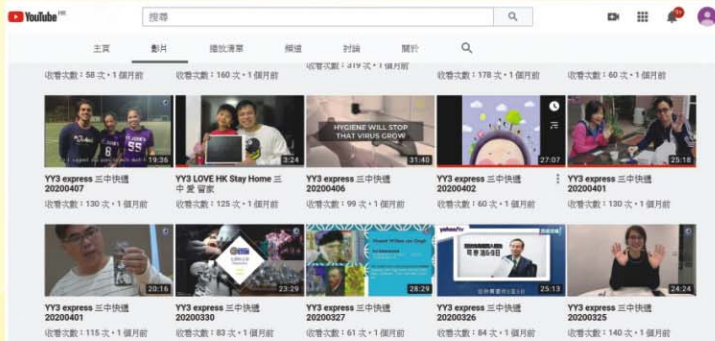

In cooperation with the "Sports Legacy Scheme", Hong Kong team athletes served as physical fitness coaches for the school and conducted online fitness classes to successfully enable students to continue their physical fitness exercise during class suspension at home.

While broadcasting live, the coaches answer students' questions. 在「奧夢網上教室」直播期間，教練解答學生疑問。

### "YY3 Express" produced by Campus TV

Our School has specially produced the "YY3 Express" program announce latest school information. Teachers also produced a variety of programs, including Moral and Civic education, career and further study, new knowledge of various subjects, interviews, tourism, etc, which enhanced students' sense of belonging.

Campus TV produces "YY3 Express" program every day to keep students closely informed about the latest school information. 校園電視台每天製作「三中快遞」節目，讓學生緊貼學校最新資訊。

### Caring Phone Calls and real-time online class teacher lesson

Our School introduced "Caring Phone Calls" scheme for Class Teachers to connect to students and provide appropriate support during class suspension. The school also holds class teacher real-time online lesson once a week. In addition to the release of important information, the class teacher can better understand the latest situation of each student so as to provide students with support.

"Caring Phone Calls" strengthens the connection between family and the school to support students' growth together. 「關愛電話」加強家庭與學校之間的聯絡，一同協助學生成長。

新型冠狀病毒肆虐，全港學校長時間停課。圓玄三中在「支援與關顧學生」方面特別安排一系列計劃，以持續關愛學生身心需要，並加強品德培育。希望藉此及早察覺學生及其家庭的特殊情況，並作出適切的支援。

### 「奧夢成真」網上教室

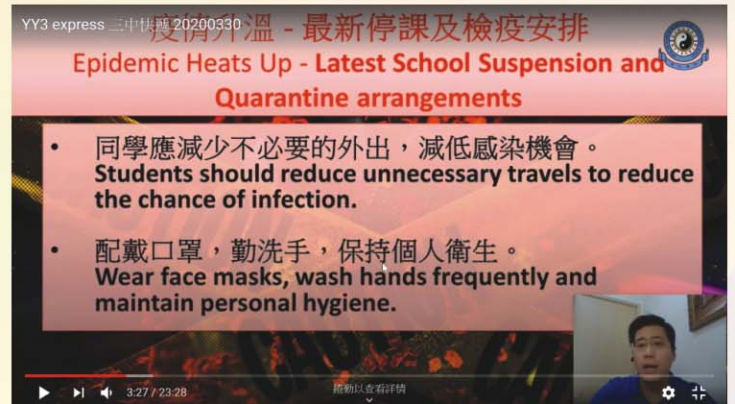

體育科與「奧夢成真」計劃合作，每星期安排香港隊運動員擔任學校的體適能教練，並親自到本校進行「奧夢教室」網上體適能課堂。計劃成功使同學在停課在家的時間，繼續鍛煉良好體魄。

The Hong Kong Team athlete did the "Russian Twist" exercise with students online. 香港隊運動員與學生一同進行「俄羅斯旋體」訓練。

### 校園電視台《三中快遞YY3 Express》

本校透過《三中快遞》向學生發放最新資訊外，老師更製作了多元化節目，包括：德育及公民教育、升學就業、學科新知、人物專訪、旅遊分享等等，冀望增強學生的歸屬感。

Students learn about the latest precaution information through 'YY3 Express'. 學生透過節目了解最新防疫信息。

### 關愛電話及班主任課

班主任每兩星期致電家長以了解學生近況；同時，為學生安排每星期一次實時上班主任課。如遇上特殊情況，即時跟進，為有需要的學生提供針對性的支援。

The weekly Real-time online class teacher lesson can follow up students' life during class suspension and provide help if necessary. 每星期的「班主任課」能及早預防同學的「慢性」或「隱性」的個人問題。

## 圓玄三中全面措施迎復課 傳媒報道上下一心保健康

After spraying the disinfectant layer in all classrooms and special rooms, students can learn without worries.  
所有課室及特別室噴上消毒塗層後，學生可以安心學習。

The classrooms are cleaned and disinfected with thorough cleansing alcohol by school helpers every day.  
工友每天都為各課室進行徹底清潔消毒。

In order to ensure the hygiene in our campus, the school has done a series of preparations, including preventive measures, triage arrangements and flexible lesson time. We hope to make sure students can gradually regain the pace and mood for learning after a long period of class suspension, in the meantime avoiding the spread of virus in the campus and ensuring the health of teachers and students.

為確保校園衛生，學校作出了連串準備，包括防疫措施、分流安排，以及彈性上堂時間，務求令停課已久的學生慢慢重拾學習的節奏與心情，同時避免病毒在校園傳播，確保師生的健康。

The school specially distributes "anti-epidemic packets" to students, containing 10 surgical masks, hand sanitizer and a mask storage clip.

學校特別為同學派發「防疫小包」，內含10個外科口罩、1樽酒精消毒搓手液及1個口罩收納夾。

Teachers and students' body temperature have to be measured by infrared thermometer at the school entrance. For those who have a temperature of higher than 37.5°C or are feeling unwell, the school will ask them to go home to have a rest and consult a doctor promptly so as to ensure that everyone entering the campus has been sterilized and meets the health standards.

師生進入學校大門時，皆須經過紅外線體溫探測儀器量度體溫，如體溫高於攝氏37.5度或身體不適者，校方會要求其回家休息並盡快求醫，以確保進入校園的所有人士，都是已消毒及符合健康水平。

In response to a serious shortage of sanitization resources, teachers of YY3 went online to teach foreign and local students how to make their own DIY hand sanitizer at home. The finished items were sent to social welfare organizations and different units who are in need in the district in order to help the disadvantaged and promote the spirit of mutual help in the community.

In this activity, teachers and students produced about 200 bottles of hand sanitizer together. The hand sanitizers were given to different social welfare organizations and units in the district.

社會上消毒物資曾經嚴重短缺，圓玄三中老師利用網絡平台教導學生製作酒精消毒搓手液，並轉送給區內有需要的社福機構及單位，幫助弱勢社群，發揚社區互助精神。

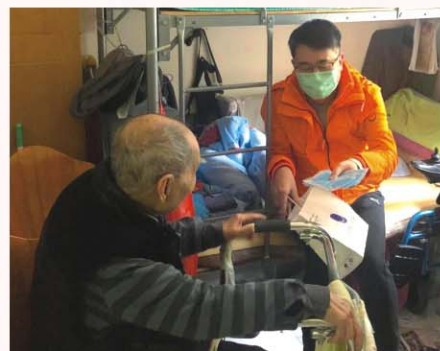

是次活動，師生合共製作約200樽酒精消毒搓手液，送贈予社區中不同社福機構及單位。
